

SCOTTSDALE GARDEN CLUB

Scottsdale Garden Club's theme is "Planting For Tomorrow" which supports our AFGC President's theme, "Growing Our Future."

Currently we have 39 members and hope to grow in numbers over the next year.

We will continue to contribute to Penny Pines.

On Arbor Day we plant a tree to be enjoyed by future generations.

We work with grades 1-6 at Cochise Elementary School where students plant and maintain their school garden.

We work with schools encouraging students to participate in Woodsy Owl/Smokey Bear Poster Contest.

We recycle medications, glasses, hearing aids and cell phones.

Our Veteran's Project supplies hygiene products to the homeless.

Over the Garden Club year we will have programs on Herbs, Therapeutic Plants, Floral arranging demonstrations, Environmental Issues, Bees, Tulips and Water Conservation.

We have two field trips; Berridge Nursery with a tour of their greenhouse
And Baron Studios where we'll enjoy a farm to table lunch in the garden.

We are looking forward to a wonderful Garden Club Season.

Carol Parrott

Scottsdale Garden Club President
