

DESERT DESIGNERS CLUB: President's report 2024-2025

The Desert Designers Club meets the first Friday of each month October through April.

The goal of our club is to expand our knowledge and skills in FLORAL DESIGN. At each meeting several members present assigned Floral design types in accordance to the principles and elements of design. We use the NGC, Inc. HANDBOOK for FLOWER SHOWS as our guideline.

The following four designs will be studied in depth this year; PANEL: COMBINED CONTAINERS: CASCADE: and CREATIVE LINE DESIGN. The December is a relaxed workshop. We will create a designers choice style for the home.

The DESERT DESIGNERS club always helps whenever asked to donate baskets for fundraisers as necessary. WE will also be large participants for the November annual Chrysanthemum Show and the biannual April Scottsdale Flower Show.

Our plans also include Volunteering and participation to the fullest for the AFGC/PACIFIC REGION CONVENTIOIN in April 2025.

I am happy to report that we have 100 percent participation this year for upcoming events.
