

October 9, 2025

SUBJECT: AFGC Fall Bod 2025 Report

Desert DeSsigners had its first meeting of the year this past week. We have initiated a new meeting format which includes more workshops and less critique sessions. The members enjoyed the workshop and learned a lot more from each other. We also changed the display of designs so that it is easier to photograph. We intend to upload a lot more work on our AFGC site and use it to advantage.

Attention all clubs: we are always available to hold floral workshops as part of your program. Use us if you have a last minute cancellation or want to do a special event. Floral design is easy once you know some of our tips and secrets! We draw members from all the clubs around the state. We will be working towards more online tutorials later in the year.

Respectfully submitted
Kathie Henderson, President Desert Designers
